

Deb Global Range Product Guide

Be the world's leading away from home
skin care system company

Our Product Philosophy

The Deb Global Product Range has been carefully devised to meet the specific skin safety needs and cultural diversity of any organization.

The range is underpinned by 65 years of experience of occupational skin care, providing 'best in class' formulations and rigorously engineered dispensing systems. Our products are created with the final objective in mind – every person in the organization doing the right thing with regard to skin safety.

Our product philosophy is to design products which reflect the following attributes:

- **Innovative** - we seek to develop products which change perceptions about occupational skin care and hand hygiene, drawing on deep knowledge of the subject and utilizing our unique foam and dispensing technology.
- **Fit for purpose** - we provide products to do the job required of them, that are safe and hygienic for regular use, that are robust and low maintenance.
- **Pleasant to use** - we encourage appropriate usage and compliance with skin safety regimens by providing products that people like and prefer to use.

- **Convenient** - we design formulations and dispensing systems that are quick and easy to use, packaged for appropriate location in any workplace or public facility environment.
- **Cost effective** - we eliminate waste through dispensing systems that consistently deliver the appropriate amount of product required for each skin safety application.
- **Tested & supported** - we ensure our products are tested according to the highest internationally recognized protocols. Our products are not tested on animals and are toxicologically and dermatologically approved.

Environmental Awareness

Deb operates internationally recognized environmental management systems throughout our businesses to meet or exceed our environmental responsibilities.

Every day, every single employee will be faced with a choice as to whether they use a skin care product.
Will they?

Universally Understood

We help to ensure that installed Deb skin care products and dispensing systems are universally understood to enable correct usage.

Through many years of working with the users of our products and dispensing systems, we have deep insight into the factors that affect skin care compliance. One of the key issues is to ensure users know which products to use, and how to use them. Therefore, our products and dispensing systems have been designed to incorporate a combination of language neutral iconography, strong visual colours and clear, unambiguous wording.

- 1 Colour-coding** – consistently applied across all products, dispensers and educational materials to visually identify the product type.

			
PROTECT	CLEANSE LIGHT	CLEANSE HEAVY	CLEANSE ULTRA
			
CLEANSE ANTIBACTERIAL	CLEANSE WASHROOM	SANITIZE	RESTORE

- 2 Simple iconography** – denotes each step of The Deb Skin Care System™ and provides an instant, visual reminder of what each product does.

- 3 Usage illustrations** – simple to understand and language neutral to help encourage best practice.

- 4 Unambiguous wording** – guiding correct product usage.

- 5 Bilingual product labels** – enabling the same SKUs to be used in multiple countries or regions.

- 6 Single, global product identification codes** – reduces administrative complexity and allows for easier traceability.

Dispensing Technology

Deb is the world's leading expert in the development of patented skin care dispensing systems for workplaces and public facility environments.

The Power of Silver

All Deb dispensers are BioCote® protected. BioCote® is a silver-based antimicrobial agent that is incorporated into the dispenser components at the time of manufacture and inhibits the growth of a broad spectrum of bacteria, fungi and molds. BioCote® will not wear out or rub off over time, making it effective for the lifetime of the dispenser.

Guaranteed for Life

All Deb dispensers are manufactured from durable plastic components, thoughtfully designed and rigorously tested for high usage environments. All Deb dispensers are guaranteed for life.

Right for Every Application

Our unique understanding of dispensing technology and years of hand hygiene experience enable us to provide a range of dispensers to meet the distinct needs of workplace and public facility environments.

This incorporates dispensers in a range of capacities that dispense a wide variety of products in exactly the right amount for each application.

Deb dispensers are designed, developed and manufactured within the Deb Group to ensure the highest standards of reliability and performance.

Deb in Use

Every person in the organization doing the right thing with regard to skin safety.

No one organization or location is the same. Therefore, the specific skin safety needs of each facility must be identified and an appropriate solution provided that meets the needs of all employees and visitors. The Deb Program provides carefully developed, tailored skin safety regimens to meet these specific needs.

Deb® Lime WASH

Gentle but effective heavy duty hand cleanser with Deb's patented combination of natural cornmeal hand scrub and light lime extracts. Ideal for most common industrial soilings. Contains moisturizers to help leave the skin soft and supple after use.

Stock Code	LIM2LT	LIM4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Sunflower WASH

Solvent-free heavy duty hand cleanser with Deb's patented combination of natural sunflower oil extract and cornmeal hand scrub. Ideal for most common industrial soilings. Contains moisturizers to leave the skin soft and supple after use.

Stock Code	SFW2LT	SFW4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Citrus POWER WASH

Uses the power of natural orange oil extracts in combination with cornmeal hand scrub to provide a highly effective cleaning performance. Removes a wide range of ingrained and difficult to remove industrial soilings from oil and grease to many paints and adhesives. Contains moisturizers to help ensure regular use does not affect skin hydration.

Stock Code	CIT2LT	CIT4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Natural POWER WASH

Uses the power of solvent free, natural sunflower oil extracts in combination with cornmeal scrub and olive stones to provide a highly effective 'deep-clean' performance. Effective on most ingrained and difficult to remove industrial soilings. Contains moisturizers to help ensure regular use does not affect skin hydration.

Stock Code	NPW2LT	NPW4LTR
Pack Size	2L Cartridge	4L Cartridge
Case Qty	4	4

Deb® Ultra WASH

Specialist powerful hand cleaner to remove paints, inks, resins, adhesives and most other print & paint shop contaminants. Cleansing power derives from the combination of dibasic esters and natural cornmeal scrub. Contains moisturizers to help ensure regular use does not affect skin hydration.

Stock Code	ULT2LT
Pack Size	2L Cartridge
Case Qty	4

The Natural Power of Sunflower Oil

Sunflower oil derives from sunflower seeds, a sustainable natural crop grown in many parts of the world.

High in Vitamin E to help retain skin moisture, sunflower oil is not classified as a solvent, yet has excellent solvency properties for use in hand cleansing.

Deb® Universal WIPES

Universal wipes for general hand cleaning, such as removing oil, grease and grime. The impregnated tough, extra large wipes are available in a handy, easy-to-use pack which can be used while on the move, with no need for water.

Deb® Ultra WIPES

Specialist wipes for removing paints, inks, resins, adhesives and most other print and paint-shop contaminants. The tough, extra large wipes are impregnated with a specialist formulation based on dibasic esters. The handy, easy-to-use pack can be used at the work-point and used throughout the day with no need for water.

Luxurious, pleasantly fragranced, rich, mild foam soap with added moisturizers for general washroom use.

Stock Code	RFW1L	RFW2LT
Pack Size	1L Cartridge	2L Cartridge
Case Qty	6	4

SANITIZE

Hand sanitizer for use without water to kill germs and provide a higher level of hand hygiene.

Deb® InstantFOAM

Highly effective, perfume-free, dye-free alcohol-based foam hand sanitizer with moisturizers. Use without water to kill 99.999% of many common germs in just 15 seconds. The hypoallergenic foam formula is ideal for frequent use, leaving hands feeling refreshed, smooth and soft. Does not contain any gelling agents, so unlike 'alcohol gel' products, frequent use of Deb InstantFOAM does NOT leave hands feeling sticky.

Stock Code	IFS47ML	IFS400ML	IFS1L
Pack Size	47ml Pump Bottle	* 400ml Pump Bottle	* 1L Cartridge
Case Qty	12	6	6

Certified for EcoLogo™ Instant Hand Antiseptic Products Standard CCD-170
* EcoLogo certification applies to 400 mL and 1L pack sizes only.

RESTORE

Conditioning cream to help maintain healthy skin and avoid dryness.
Good skin condition is an important element in ensuring good hand hygiene practice.

Deb® Pure RESTORE

Perfume-free and dye-free, highly effective mild after-work conditioning cream to provide effective skin care whether skin is dry, sore, chapped or in normal condition.

Stock Code	RES150ML	RES1L
Pack Size	150ml Tube	1L Cartridge
Case Qty	12	6

The non-greasy formula is compatible for use under latex and nitrile gloves to keep the skin hydrated.

Deb Skin Safety Centers

Robust, light-weight boards that are ready-assembled with appropriate Deb dispensers.

For use with Deb products to create a tailored skin care system. Deb Skin Safety Centers are available for use in heavy duty & general industrial areas to provide skin protection and food & catering areas to provide hand hygiene.

- **Convenient** – everything needed for clean healthy skin in one location.
- **Instructional** – encourages compliance with a full skin safety regimen.
- **Easy maintenance** – wipe clean surface.
- **Robust** – durable, lightweight material ideal for busy wash area environments.

Deb Skin Protection Center – Small

Size: 590mm wide x 510mm high

Contains:

1 x Deb Protect 1000, 1 x Deb Cleanse Heavy 2000
and 1 x Deb Restore 1000 dispensers.

Stock Code: SSCSML1

Deb Skin Hygiene Center

Size: 570mm wide x 455mm high

Contains:

1 x Deb Cleanse Antibac 1000, 1 x Deb
Sanitize 1000 and 1 x Deb Restore 1000 dispensers.

Stock Code: SHYCTR1

Deb Skin Protection Center – Large

Size: 800mm wide x 570mm high

Contains:

1 x Deb Protect 1000, 1 x Deb Cleanse Light 2000,
1 x Deb Cleanse Heavy 4000 and
1 x Deb Restore 1000 dispensers.

Stock Code: SSCLGE1

Deb Dispensing Systems

A unique range of 1 litre, 2 litre and 4 litre closed, sealed cartridge dispensers for use with all Deb Skin Care System™ products.

The benefits of Deb's closed, sealed systems are:

Hygienic

There is no ingress of air during use, protecting product from exposure to the external environment, thus minimizing the risk of cross-contamination and ensuring 'fresh' product is dispensed every time.

No mess

Every Deb cartridge features an ultrasonically welded dispensing pump which does not drip or clog, ensuring no mess on sink tops, floors or walls.

No wastage

Cartridges are designed to collapse in use so that all of the product is evacuated and easily recyclable.

Cost control

Our sealed dispensing systems deliver a precise, measured dose so that only the correct amount of product is dispensed for optimum cost in use.

Convenience

The wall mounted units are conveniently located where skin safety is required, whether above a sink in a washroom or in the main work area.

Security

Each Deb dispenser is lockable to stop unauthorized access, thus preventing deliberate product contamination or theft of the product inside.

Easy to use

The large, 'easy-push' buttons ensure that virtually no one is precluded from being able to use Deb's dispensers. Empty cartridges are easily replaced in seconds.

The way products are used is very important in the daily challenge of delivering effective skin care practices.

Custom Dispenser Systems

Make it Your Own

The range of dispensers featured in this product guide has been carefully designed to complement with each Deb Skin Safety Regimen. In addition, our cutting-edge print technology can be combined with a wide variety of component colour options to decorate a dispenser that is unique to you.

Our design teams can work with you to create a Deb Dispenser that reflects your own identity or specification.

From corporate branding, to logos, instructions for use, or eye-catching photographic quality images, it's your choice.

Our exclusive design development and manufacturing process produces permanent decorations that are chemical and fade resistant and will last the life of the dispenser.

Deb's market-leading Custom Dispenser Service incorporates cutting-edge print technology enabling our dispensers to be uniquely tailored to your individual specification.
