## Matting Program 2009/2010

### 3M 6050 Nomad Scraper Matting

- Vinyl loops scrape shoes removing dirt
- Backed to hold dirt for removal by shaking or vacuuming
- Resistant to grease and oil and will not fade in bright sunlight
- Matte finish
- Fully customizable and logo friendly
- Available in stock sizes 3' x 5' or 4' x 6'

Reduce your Maintenance Costs with a **Swish** Two-Step Matting System

#### Scraper

This is the first line of defense against dirt and water in a vestibule or inside a building. This mat should aggressively scrape "big water", snow and sand from your shoes.

### 3M 5000 Nomad Drier/Scraper Matting

- Patented blend of different sized fibres removes dirt and water
- Crimped fibres resist crushing and trap dirt and water into the mat
- Modern linear design
- Heavy vinyl backing
- Available in stock sizes 3' x 5' or 4' x 6'

#### Drier/Scraper, Drier

The last line of defense inside a building. This matting should scrape "small water" from your shoes, trap and hold fine sand.

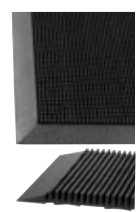

### 345 Rubber Brush™

- Tough SBR rubber remains flexible while withstanding extreme cold temperatures
- Thousands of tough, flexible rubber fingers sweep shoes clean, while suction cups underneath help to keep mat from shifting
- Molded beveled edging on all 4 sides creates a retention dam to trap moisture
- 5/8" thick

### 136 Polynib® Drier matting

- Tightly nibbed loop entraps and hides dirt for elegant look
- 1/4" thick for narrow clearance doorways
- Logo friendly
- Available in stock sizes 3' x 5', 4' x 6' and 3' x 10'

- #9020-32 24" x 32"
- #9020-39 32" x 39"
- #9020-60 36" x 60"
- #9020-72 36" x 72"

#### Did you know?

- It can cost more than \$600 to remove one pound of dirt after it has been tracked into a building
- Buying matting vs. renting is a lower cost option and can save you a large amount of money
